MOHSIN PATHAN

Computer Engineer · Web Products & Applied Machine Learning

Pune, India · +91 9822797573 · mohsinpathan1058@gmail.com
github.com/Mohsinpathan17 · LinkedIn · mohsinpathan.vercel.app

Computer engineering graduate with hands-on work in Python, Flask, React and applied ML. Building NEXYRAL, a live AI frontend-building workspace. Experience spans client web development, model-output evaluation and research into agricultural pest prediction.

SELECTED PROJECTS

NEXYRAL — AI Frontend-Building Workspace — nexyral.online

React · TypeScript · Three.js · Cloudflare Worker / D1 · Firebase

- Built a responsive website and account-based workspace with frontend generation, browser previews, code editing and project export.
- Implemented plain-language revisions, recoverable source versions and in-product guidance; published source and implementation reports on GitHub.
- Designed interactive 3D with mobile, reduced-motion and WebGL fallback handling.

KrishiSetu — Pest Outbreak Prediction

Python · Scikit-learn · XGBoost · LSTM · Flask · MySQL

- Developed an environmental-data pipeline and compared classification models for Kharif crop pest prediction across Maharashtra.
- Research accepted at ICRTSET-2026; built a Flask interface to explore predictions.

Websites With Punch — Collaborative Agency Website

React · TypeScript · Tailwind CSS · Vite

- Worked collaboratively from design through deployment on a lead-focused agency website for HVAC and solar businesses.

EXPERIENCE

Python Programming Intern — Codsoft · Kolkata — 2025 / APR — MAY

Built Python scripts and Flask applications, processed datasets with Pandas and NumPy, and worked with a five-person team through Git and weekly sprints.

AI Data Evaluator — Invisible Technologies — ONGOING

Evaluate model outputs against structured guidelines, focusing on accuracy, data quality and consistency.

Maps Search Quality Rater — TryRating — ONGOING

Evaluate location-search results for relevance and accuracy using structured guidelines.

SKILLS

Web & platforms	React, TypeScript, JavaScript, Flask, Node.js, SQL, Firebase, Cloudflare
ML & data	Python, Pandas, NumPy, Scikit-learn, XGBoost, LSTM
Tools & workflow	Git, GitHub, Docker, Figma, Tailwind CSS, Three.js

EDUCATION

Bachelor of Engineering — Computer Science — 2026

Government College of Engineering & Research, Avasari Khurd · Savitribai Phule Pune University

CGPA: 7.44 / 10
